

SCENIC BEAUTY

Two cascading waterfalls are to be found 15 minutes west of Hamilton and have inspired many artists over the years. Nigretta Falls has good viewing and fishing areas, river walks and barbeque facilities. A five minute drive away are the majestic Wannan Falls, also with excellent facilities and camping area. Continue along the Glenelg highway to Coleraine, home of the Points Arboretum, historic railway station and Glenelg Fine Chocolates. Turn off west to Edenhope and Harrow – a quaint little town on the Major Mitchell Trail. There is also a historic jail, pioneer house and a pub with a fascinating history.
